

Here's how you can make a difference RIGHT NOW!

The following is a step-by-step way you can help us Recall Speaker of the House Rep. Rusty Bowers!

SIGN UP INSTRUCTIONS:

First, please let us know you are helping us: <http://bit.ly/AZRustyRecall>

You can also go to our signature location for a walking list as well.

It is VERY important that you follow the instructions exactly. Legally, these forms have to be done a certain way. We cannot afford to have signatures thrown out because of avoidable errors. IF you have any questions, please reach out (the number is listed below)!

PRINT INSTRUCTIONS:

- Print this digital file: <http://bit.ly/AZPetition>
- PRINT at least 600 DPI
- PRINT ON LEGAL SIZE PAPER, LANDSCAPE
- PRINT "SHORT" EDGE, NOT "LONG" EDGE
(ONLY Legislative District 25 registered voters can sign the petition)

COLLECTION INSTRUCTIONS:

Here is a link to the [Petition Circulator Training Guide \(http://bit.ly/AZCirculator\)](http://bit.ly/AZCirculator). Remember absolute compliance is key to victory!

Write in the center of (and within) the information capture boxes to ensure that signatures and identifying information are easily discernable by the petition processing software. Signers should avoid letting information bleed over to adjacent rows, and should sign with blue or black ink.

Paid and out-of-state circulators should ensure they print their Circulator ID Number on the front and back side of each petition sheet. Failure to use the Circulator ID Number will not (by itself) invalidate the petition sheet, but greatly inhibits the Secretary of State's ability to efficiently and accurately process the petition.
